EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 1 (currently amended), line12, "said backrest" has been changed to --a backrest--.

Applicant's amendment filed 9/27/07 is persuasive, therefore claims 1-5 and 7-21 are allowed. The following is an examiner's statement of reasons for allowance: the prior art of record fails to teach or suggest singularly or an obvious combination of a chair having a lumbar thrust assembly having a lumbar roller, one Or more roller support members and one or more thrust support members where the lumbar roller is configured to project forward and upward relative to the rearward edge of the seat in order to apply a dynamic thrust motion to the lumbar area of a users spine, and further the lumbar roller spatially disposed form the base and where the roller support members are attached to the lumbar roller and the thrust support members interconnect the roller support members and the backrest frame.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance." Any inquiry concerning this communication or
